

## **GENERAL GUIDELINES FOR 2012 CDBG FIRE PROTECTION APPLICATION**

---

1. The State gives highest priority to those applicants who have inadequate fire coverage as reflected in their ISO rating.
2. **The State gives preference to applications that will purchase fire trucks.**
3. The State gives preference to those applications which demonstrate a coordinated and comprehensive approach to providing increased fire protection to the greatest number of people.
4. The State requires that all equipment must be purchased through public competitive bids.
